PHOTO INTELLIGENCE MEMORANDUM

YUGOSLAVIAN/ROMANIAN BORDER STUDY

Suppl

This memorandum reports the completion of Project 72.155, requested by [REDACTED] ORR/D/GG. All available aerial photography covering the Yugoslavian/Romanian border was procured through the services of OCR/GR. 25X1A

The photography was plotted on maps furnished by the requester. Initially, this Division had planned to interpret the photography and evaluate the maps, but higher priority projects demanded out time. [REDACTED] offered to do his own interpretation and evaluation, and was satisfied with the plots and photography which were furnished to him. 25X1A
